Clearly show disposition of recovered property and inventory no's. List names and arrest numbers of any persons arrested. Explain any offense / classification change and one prior offense / classification. For multiple clearance information, list each case by incident number and respective victim(s). Record crime scene protection information.							
<p>I was dispatched to a medical call at the Woodland Hills Detention facility on a medical call. The call text read that a 17year was not breathing. The call text read that they had a 17 year old that was seizing and that they were starting CPR. I responded to the scene and observed a security guard giving CPR on a male black who was non responsive (the guard was later Identified as LT. Donaho). A Nurse on the scene advised paramedics that CPR was in progress for about 10-15 minutes (later Identified as Nurse Betty Gates (LPN)). Nurse Gates told Fire Department personal that the victim has a history of seizures and was on seizure medication. Nurse Gates told the fire department personal that they had given him his Anti-seizure medicine around 0600 hrs. One guard told the Fire Department personal that they checked on him regular during the day. Medic 23 transported the victim to Vanderbilt. After they transported the victim to the hospital I looked inside the victim's jail cell, it was a single occupancy cell with no signs of foul play. Sgt Kent was advised and agreed that it was a medical call.</p> <p>***Supplement Follow up***</p> <p>On Saturday the 26th of May I spoke to a Mrs. Haney (weekend shift supervisor) and retrieved the names of the guard who performed CPR and the Nurse who advised NFD of the medication the victim was on. Mrs. Haney's Cell Phone is 615-***-3473 (see case file for the full number)</p>
